

## **Jerónimo Streetscape Project** **Phase 1**

This project will construct raised landscaped medians, repave the entire roadway and add parkway landscape improvements from Los Alisos Boulevard to El Toro Road. The City was awarded \$500,000 in Transportation Enhancement Activities Grant (TE) funds for this project. A construction contract was awarded August 16, 2011, and construction started on October 24, 2011. The anticipated completion of this project is by the end of May 2012.
